HI.

I'm not trying to get updated information on the status, I'm trying to share the ideas with someone who might listen. one never knows where a possible solution might come from.

thank you,

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information:

http://www2.epa.gov/goldkingmine

Regular updates will be posted as they are available.

Hi. My kids and daycare kids have been brainstorming possible solutions to help clean up the Colorado river. They may be kids (19-7) but they have some interesting ideas and a big heart. How can they share their thoughts? Thank you,
